

# SHREDDERS RETREAT

PRESENTED BY

---

*Shred Sisters*

ESTD  MMIX

# OUTLINE

The Shredders Retreat was created for a purpose to recenter and encourage believers in their faith as they lead and disciple others through action sports. As the idea and concept of action sports ministry has grown specifically in women's ministry, the hope for this year's retreat would be to gather, train, and equip as you may be feeling called to start something of your own. Our Shredders Retreat is designed for women who may already be community leaders but also for those who are ready to take the next step. The idea is to spend an intentional weekend in vulnerability, fellowship, and brainstorming through what it looks like to lead through the Holy Spirit. This will be an opportunity to be built up by other Shredders who are right where you are!
